

# Workshop BioGreen

A Danish Brazilian collaboration network for developing bioenergy production with low emissions of greenhouse gases

**\*Todas as palestras serão realizadas em inglês**

03 de novembro de 2015 (Terça-Feira)  
Às 14h - Sala de Reuniões do NIPE (2º Piso)

**The role and development of biogas in the Danish energy supply – the regulatory framework**  
Henrik Møller, Aarhus University

**Biomass characterization (related to bioenergy production)**  
Sander Bruun, University of Copenhagen

**Biomass characterization and treatment of biomass to enhance biogas production**  
Sven G. Sommer,  
University of Southern Denmark

**Greenhouse Gas Emission from biowaste management**  
Søren O. Petersen, Aarhus University

## PARTICIPE!

**Confirme sua presença** através do e-mail [fabianagviana@nipeunicamp.org.br](mailto:fabianagviana@nipeunicamp.org.br) ou dos telefones 3521-1718 ou 3521-1267.
